## *Applied Precision is proud to announce - Sponsored Hockey Team, Wins Gold*

(OAKVILLE, ONTARIO, April 1, 2013) - Applied Precision Sponsored Oakville Hornets Team Wins Gold in Midget Girls Finals.

With 14 seconds left on the clock, the Teal Seals scored the winning goal to take gold in this year's Midget Division finals. The Teal Seals had a strong season with a Tournament win in Whitby, Ontario earlier in the hockey season and finishing in 2nd place in regular season play.

An exciting end to the 2012/2013 hockey season, this marked more than 10 years of community sports sponsorship by Applied Precision. Applied Precision has proudly supported a number of community sports organizations like the Oakville Hornets Girls Hockey Association. "We try to give something back to the communities where our employees and customers live and work. To be successful team, it takes dedication and commitment and we think there is an important connection between success in sports and success in business" say Robert Bell, President.

Established in 1999, Applied Precision is a leading provider of 3D digitizing systems and services for new product development, quality inspection and CAD updating solutions to numerous manufacturing industries across North America. These include automotive manufacturing, recreational products, aerospace, medical device manufacturing, power generation and various consumer products industries. The company also provides medium-long range laser scanning services to architects, civil engineer and others involved in heritage preservation.
